Re: A National Broadband Plan for our Future, GN Docket No. 09-51

Dear Ms. Dortch:

On November 2, 2009, Robert E. Dansby of Edgenics met with Commissioner Clyburn, Carole Simpson and Louis Peraertz of the FCC to discuss perspectives on the Commission's National Broadband Plan proceeding. Specifically, the group discussed Edgenics' projects to deploy broadband infrastructure, implement innovative academic programs that utilize broadband, provide low cost computers as part of its internet services for schools and other constituents in rural and underserved areas. We also discussed some of the challenges Edgenics is encountering in its efforts to implement "Virtual Diagnostic Clinics" as a Telemedicine service.

Sincerely,

Robert E. Dansby
